Child Protection Policy: Child Friendly Version

May 2018

3.5aa

What is Child Protection about?

All of the adults around you think that your health, safety and welfare are very important.

In our school, we respect our children and help to protect their rights.

We do our best to help children make good educational progress.

We teach children how to recognise risks in different situations, and how to protect themselves and stay safe.

How will we try to protect children?

We try to provide a safe environment for children to learn in.

We want to help to ensure that children remain safe, at home as well as at school.

We think it is important for our children to know where to get help if they are worried or unhappy about something.

Need to talk?

You can talk to any adult in school if you need to. This may be your class teacher, the Headteacher or anyone else you feel comfortable with such as the teaching assistants or meal time staff.

ChildLine is also available whenever you need to talk: 0800 1111
